Subject: Please support Ross Bridges' use application

Dear Town Council,

I am writing in support of Ross Bridges' application for a Use Permit to operate in our town. Ross Bridges has been instrumental in helping my daughter, Caroline, overcome learning challenges and anxiety related to school over the past few years. The convenience of the location was a huge factor in her willingness to go directly after school for extra support. Because she could go on her own due to the proximity to school, it also fostered a sense of independence in her prior to her high school years.

As a parent with young children, I know how difficult school can be especially for children who fell behind during the pandemic. The teachers at Ross Bridges are professionals with 15+ years of experience working in public education. Our town is fortunate to have these incredible resources available to our children. Our town needs more businesses like Ross Bridges not less. I humbly urge you to approve Ross Bridges' Use Permit application so they can continue to do the great work they are doing for our early learners. I know it will pay dividends down the road for our children and the broader community.

Sincerely,
Sarah Swain
