This is in regard to the approval request by Jeff & Cassie Shouger for the ADU at their 34 Poplar Avenue property.

I live on Redwood Drive, across the street from their property which backs onto Redwood Drive, so will be looking at their ADU when it's completed.

I was OK with the original design, so when I recently encountered Jeff & Cassie in front of my house as they were going for a walk with their kids, I asked what this latest notice was about. Jeff said there were several things that the Town wanted changed, & this hearing is about the changes that they've made.

I think this ADU will be a nice addition, & request that you approve the project with the requested changes having been made. I like the idea of the gable roof which will provide more space in the ADU.
