18.42.010 Purpose. The purpose of this chapter is to establish the procedures and development standards for the ministerial, non-discretionary processing of applications for new accessory dwelling units (“ADUs”) and junior accessory dwelling units (“JADUs”) in compliance with California Government Code Section 65852.2 and Section 65852.22 and consistent with the policies, goals and programs of the Housing Element of the General Plan. ADUs and JADUs increase the overall supply of housing within established residential zoning districts or as part of new residential subdivisions, while maintaining the existing character of the neighborhood. Such units are intended to increase the supply of smaller, more affordable housing within existing residential neighborhoods and provide independent living units for prospective and current residents, including family members, students, local employees, the elderly, in-home health and childcare providers, and single adults, among others. The intent of the Town in adopting the code section is to ensure that the Town’s ordinance has the effect of providing for the creation of ADUs and JADUs and that the provisions in this ordinance relating to matters including size, parking, and other development standards are not arbitrary, excessive, or burdensome so as to unreasonably restrict the ability of homeowners to create ADUs or JADUs consistent with state law intended to promote their development. (Ord. 703 (part), 2020; Ord. 679 (part), 2017; Ord. 678 (part), 2016; Ord. 625 (part), 2011; Ord. 578 §8(part), 2003).

18.42.020 Definitions. For the purposes of this chapter the following words have the following definitions:

"Accessory dwelling unit" shall have the same meaning as defined in California Government Code Section 65852.2, as amended from time to time.

“Accessory dwelling unit – attached” means an accessory dwelling unit that shares a common wall with the primary dwelling unit.

“Accessory dwelling unit – detached” means an accessory dwelling unit that is constructed as a separate structure from the primary dwelling unit.

“Affordable rent certification” means documentation and certification that an accessory dwelling unit is being rented to a very low-income household at an affordable rent level or is exclusively being occupied by an owner whose household qualifies as a very low-income household. Required information for documentation and certification shall include the rent charged, the utilities included in the monthly rent, the household size of the accessory dwelling unit, the names and ages of the accessory dwelling unit occupants, and the gross household income of the accessory dwelling unit household.

“Affordable rent level” means that the accessory dwelling unit household’s monthly cost of rent, plus the cost of electricity, gas, water and sewer service, and garbage collection (hereinafter “utilities”) is 30% or less than the upper limit of the annual gross household income, divided by 12, for a specified income category and household size as last published by the California Department of Housing and Community Development (hereinafter “HCD”). The Town shall determine maximum affordable rent levels for rent-restricted accessory dwelling units following the annual publication of the State Income Limits by HCD. In determining rent levels, the household size for rent-restricted accessory dwelling units shall be: studio, 1 person; one-bedroom, 2 persons; two-bedroom, 3 persons; and, three-bedroom, 4 persons. The cost of utilities for the accessory dwelling unit shall be included in the affordable rent level. For rent-restricted accessory dwelling units where utilities are separately metered and billed, and where the accessory dwelling unit household is responsible for the costs of that household’s use of utilities, the maximum rent shall be set at 90% of the affordable rent level.

“Efficiency kitchen” shall have the same meaning as defined in California Government Code Section 65852.22, as amended from time to time.

“Existing structure” means an existing permitted or otherwise legal single-family residence, including all fully enclosed areas such as a partial basement, an attached garage, or an accessory structure that can be made safety habitable under building codes.

“Gross household income” means the total monies earned or received by all members of a household age 18 and over, including: wages and all types of compensation, before any payroll deductions; spousal and child support; social security, retirement, disability, insurance, and other types of periodic payments; unemployment compensation and other payments in-lieu of earnings; welfare and other public assistance; interest, dividends and other payments generated from any real or personal property; net business income; and, any other type of payment determined to qualify as income by the U.S. Department of Housing and Urban Development (HUD) and as published in the HUD’s Housing Choice Voucher Program Guidebook. The annual gross household income is calculated by multiplying the monthly amounts earned or received at the time of certification by 12 and adjusting for anticipated payments and changes in amounts over the next 12 months.

“Household” means those persons who collectively occupy a housing unit. A property owner’s household shall include any child or dependent, as defined in section 152 of the Internal

Revenue Code, of the property owner who is under the age of 18 or is under the age of 24 and is a full-time student.

“Household size” means the number of persons in a household.

“Junior accessory dwelling unit” shall have the same meaning as defined in California Government Code Section 65852.22, as amended from time to time.

“Kitchen” shall mean a room or portion thereof containing permanent facilities designed and used for food preparation, cooking, eating and dish washing. A kitchen shall include all of the following: a sink with hot and cold running water; a range or stove and oven; at a minimum, an apartment-sized refrigerator; and built-in dish and utensil storage spaces. A kitchen may also include any of the following: microwave, convection oven, hot plate or automatic dish washer.

“Nonconforming accessory dwelling unit” means an accessory dwelling unit approved as an accessory dwelling unit or second unit through the issuance of a conditional use permit or an accessory dwelling unit that meets the definition of an accessory dwelling unit and was occupied prior to effective date of this ordinance. The Planning Department shall determine the status of such units in accordance with the provisions of this code.

“Public transit” means a location, including but not limited to, a bus stop or train station, where the public may access buses, trains, and other forms of transportation that charge set fares, run on fixed routes, and are available to the public. Public transit does not include school bus stops associated with bus routes operated seasonally or only during school hours for the intended purpose of serving students, even if the general public may access such bus service; or school bus routes provided by a school district for the exclusive use of students.

“Rent-restricted accessory dwelling unit” means an accessory dwelling unit that is approved under a rent-restricted accessory dwelling unit permit. A rent-restricted accessory dwelling unit shall only be rented to a very low-income household at an affordable rent level or occupied by an owner whose household qualifies as a very low-income household. “Rent” means to enter into an agreement whereby the occupant(s) of the accessory dwelling unit makes a monetary payment or exchange of goods or services in consideration of occupancy of the accessory dwelling unit.

“Single family residential zoning district” means a district listed in this code that allows one single-family dwelling on a particular lot or parcel, otherwise known as an “R-1” zoning district.

“Tandem parking” shall have the same meaning as defined in California Government Code Section 65852.2, as amended from time to time.

“Very low-income household” means a household with an annual gross household income of 50% or less than the Marin County median annual gross household income for that household size as last published by HCD. (1) The exception will not create a significant adverse impact on any adjacent property, the surrounding neighborhood, or the general public good.

(2) The lot and the arrangement of existing and proposed physical improvements on the lot can accommodate the exception without adversely affecting the views, privacy, or access to light and air of neighboring properties.

(3) Any modifications to site drainage shall be designed by a licensed engineer and shall result in no net increase to the rate or volume of peak runoff from the site compared to pre-project conditions. Any new mechanical pumps or equipment shall not create noise that is audible off site.

The town council shall consider the length of time such permit has been in force, the conditions of approval, the exceptions granted for the permit, and the impact on the town's affordable housing supply. In no case shall such permit be terminated prior to 20 year from the date of town council approval under this section. As a condition of termination, the town council shall require the owner to make modifications to the property to comply with current building code requirements and to comply with the planning code requirements in effect at the time the exception(s) was granted or obtain a variance from such requirements. At his/her discretion, the Planning Director or his/her designee may grant an owner's request to terminate an ADU/JADU. As a condition of termination, the Planning Director or his/her designee shall require the owner to make modifications to the property to comply with current building code requirements and remove the kitchen. provisions of Chapter 18.44 of this code.

(2) It is declared that any non-conforming ADU not previously granted a conditional use permit and not given conforming status prior to June 1, 2012 or issued a certificate of conformity, shall constitute a public nuisance, and such nuisance may be abated as provided by law.

(c) Inactive applications. Consistent with state law, the Planning Department may administratively deny without prejudice any application which remains incomplete or inactive for a period of greater than ninety days or is continued at the applicant's request for more than sixty days.

(d) Violation. An illegal ADU is an ADU which is not an approved ADU, nonconforming ADU, or is in violation of the Declaration of Deed Restrictions or the Declaration of Rent Restrictions. The Town Manager is authorized to pursue any remedies provided by law against the owner of an illegal ADU or an ADU not maintained in conformance with this Chapter, including but not limited to:

(1) General. Those remedies set forth in Chapters 9.04 and 18.64 of this code;

(2) Costs. In any civil enforcement action, administrative or judicial, the Town is entitled to recover its attorneys' fees and costs from an owner who is determined to have an illegal ADU;

(3) Revocation of the ADU Permit;

(4) Citations issued pursuant to the Administrative Citation Procedure authorized by California Government Code, Section 53069.4;

(5) Deed Restriction/Contract. Any liquidated damages or stipulated penalties authorized under any deed restriction or contract executed by the owner as a condition of the issuance of the ADU permit.

(e) Enforcement. Failure to comply in any way with the provisions of this chapter, approved plans, or conditions for application approval constitutes grounds for the town to immediately stop work related to the noncompliance until the matter is resolved or require that the noncompliance be remediated. Such violation will be subject to the enforcement penalties and procedures of Chapters 9.04 and 18.64 of this code.
