Subject: 65 Wellington Ave Project Proposal

Members of The Town Council,

I am writing in strong support of the 65 Wellington Ave project. I am a Ross resident living on Wellington Ave, and I pass by the residence daily either on foot or by car. I have watched other projects proceed in the same area and have not experienced problems with parking or congestion. Based on my experience, I am fully comfortable with this project moving forward. Further, having reviewed the proposal, I am convinced that the upgrades will enhance the residence and the neighborhood.

I wish the Potts family the best of luck with their project!
