Subject: Neighbor Support for 65 Wellington Project

Hello all- we are the Wilsons at 2 Madera Ave. We are neighbors of the Potts in 65 Wellington, and wanted to voice our support for their proposed project that is being evaluated tonight.

Having reviewed the plans, we think the design is great and the build represents a modest addition to the house. We think this will upgrade the home (good for all of us neighbors!) while staying consistent with the fabric of the neighborhood.

We understand there are concerns raised by others about the implications of a construction project occurring in this area (traffic, parking, etc). We are hopeful a resolution can be met that addresses these concerns in a reasonable fashion while not preventing the proposed project.

Thanks for your consideration!

Jake and Jenny Wilson (2 Madera Ave)
